Please find below a communication from the EXAMINER in charge of this application  
Commissioner of Patents

The communication filed on 8/2/2001 is not fully responsive to the communication mailed 10/4/2000 for the reason(s) set forth on the attached Notice to Comply With the Sequence Rules or CRF Diskette Problem Report.

The sequence listing filed 8/2/2001 is filed in the "old format" (eg. preJuly 1998 rule changes). However, because the instant application was filed postJuly 1998, the sequence listing needs to be filed in the postJuly 1998 format. The old format can only be used in applications that claim priority under 35 USC 120 to an application filed before July 1998 (see 1121 O.G. 82 (June 23, 1998)).

Since the response appears to be bona fide, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to Examiner Ron Schwadron, Ph.D., Art Unit 1644, whose telephone number is 703-308-4680.

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center receptionist whose telephone number is (703) 308-0196.
